ASM INTERNATIONAL INDIANAPOLIS CHAPTER PRESENTS: *STEEL DYNAMICS, INC.*

On-site tour of Steel Dynamics, Inc. Engineered Bar Products Division in Pittsboro, IN

Located just west of Indianapolis.

Their state-of-the-art facility supplies special-bar-quality (SBQ) products. Each product is engineered to meet the high metallurgical & processing standards set by the customer who require the highest-grade carbon and alloy steel bars.

See first-hand the entire bar making processes. From initial steel melt to bar rolling & finishing.

Social Gathering to follow after the tour!

RSVP required:
