Independent Consultant  
*Immediate Past President*

# General site info and what to do in case of an emergency

- You are in Building 5200 at Oak Ridge National Laboratory (ORNL). This is our visitor and conference center.
- Note exits.
- If any loud warning noises, please make your way downstairs and out to the green, grassy quad in the front of this building for further direction.
- When you leave the lab, no need to check out, the badge is a souvenir, just drive out.
- Restrooms are down the hall along with the Emory room. Snacks in the adjoining room (Tennessee C) during the day.
- Wireless info sheet is in your folder you got at the registration desk or a few laying about. It's fine to use laptop/cell during this conference.

# Who is who to get things you need today

Thanks for the moderators for our two sessions today:

- Dr. Susan Wang (University of South Carolina)
  - Christian Stallings (baam.tech)
  - Dr. Orrin Thomas (ORNL)
  - Dr. Matthew McCarthy (ORNL)
- 
- If you need anything during the day, ORNL staff will be mingling about so just reach out to any of us.

# General agenda run-through

- You're about to hear from Dr. David Page (ORNL Section Head over the Remote Sensing, GeoAI, Resilient Communications, and Unmanned Vehicle groups)
- Keynotes
- We'll split into two sessions, one to visit through the zoom call-in (this room we are in now) and one to visit through the Teams call-in (the Emory room down the hallway).
- Lunch is provided by our sponsor baam.tech (thank you!).
- After lunch we'll escort you along the pond to a UAS demonstration or you can stay here. This will only be available to in-person attendees.
- At the end of the day, we'll escort all who would like to a tour of Frontier a short walk from here.
