How do I register for an event?

Registration prior to the event

On the days leading up to your event, users can register using the **Register** button on the righthand
pane.

Once registered, users will have the option to add the event to their calendar.

Notice: A button to join will appear 30 minutes before the specified start time.

30 minutes before the event

Joining an event 30 minutes prior is a one-click process for all users. Thirty (30) minutes prior to the event's start time, a **Join Live Event** button is made available for all users with access to the event page. Even if the user has not yet registered, they will still see the **Join Live Event** button as the system automatically registers these users as they join.
