What is PH WINS?
First fielded in 2014, PH WINS, a partnership between ASTHO and the de Beaumont Foundation, is a survey capturing individual perspectives related to their workplace environment, training needs, and trends impacting public health. Currently, PH WINS is the only nationally representative data source of the public health workforce.

Who will be invited to participate in PH WINS 2017?
State health agencies  |  Big Cities Health Coalition members
A nationally representative sample of local health departments

Results will be made available in early 2018.
