

Urologist: Alameda and Oakland, California

Dear GURS Members,

I want to share a Urology opening we have available in the Bay Area for coverage in Alameda and Oakland, California:

Alameda Health System is seeking a full time Urologist to join the Division of Urology serving Highland Hospital in Oakland, California and Alameda Hospital in Alameda, California. Highland is the trauma center and safety net hospital for Alameda County. Alameda Hospital is a nearby community hospital. Fellowship Training in Urologic Trauma and Reconstruction is useful but not necessary. Must be ACGME residency trained in Urology and board certified/board eligible in adult Urology.

This is a full time position with the opportunity to teach general surgery residents who rotate on service. Please forward this notice to anyone who may be interested.

For consideration, please email your CV to:
