Program Sponsorship Guide

Who We Are...

The Association of University Programs in Health Administration (AUPHA) is a global network of colleges, universities, faculty, individuals and organizations dedicated to improving health by promoting excellence in healthcare management education.

About Our Meeting...

AUPHA's Annual Meeting brings together graduate and undergraduate faculty to share ideas and proven practices in educating future practitioners in healthcare management. The meeting features thought leaders who provoke new ideas and direction for healthcare management education. AUPHA's Annual Meeting provides unbeatable opportunities for networking with faculty at domestic and international healthcare management programs.

How You Can Help...

Each year, AUPHA's goal is to raise the program participation rate to 100% and each year we've come closer to meeting our goal. We ask for a minimum contribution of \$1000 from each program so that we may reach our goal but appreciate any contribution. Please note that benefits and visibility for member programs increases with your contribution.

What Your Participation Means...

Your contribution in any amount will be used to continue to provide the highest level of services, programs, and initiatives that support the field of healthcare management education. We have set the bar high and only our members, the association's most valuable resource, can help us reach it.

We thank you for your generosity and continued support!
