

The Bugbee-Falk Book Award was established in honor of the extraordinary contributions of Mr. George Bugbee and Isadore S. Falk to the development of healthcare management education. The award consists of a number of books donated to the students at AUPHA member programs in the field of healthcare management education. These books are written and donated by prestigious authors, and published within the last three years. The books serve as a symbol of the selected students' academic success, the need for continued learning, and their commitment to excellence.

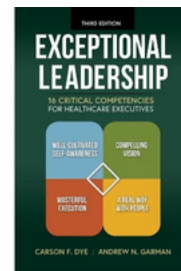

Congratulations to these authors and their publishers for being selected for the Bugbee-Falk Book Award list for 2025:
