

Graduate Program Information Session Fall 2025

What is HAMPCAS?

- Health Administration, Management, and Policy Centralized Application Service (HAMPCAS)
- Designed for students applying to graduate programs in health administration, healthcare management, and health policy
- National, centralized application service enables you to apply to multiple colleges and universities through a single web-based application

Benefits of using HAMPCAS

- Reduces time and cost when applying to multiple programs
- Eliminates the duplication of efforts - system only requires one set of credentials
- Facilitates student exposure to a variety of schools
- Provides a user-friendly web application that allows you to:
 - Pay via e-commerce;
 - Update with new information after the initial submission;
 - Conduct "on-line" status check and have real-time access to application status and progress;
 - Download and print worksheets, allowing you to organize your material; and
 - Save progress and continue later

How to apply

- If you are interested in applying to graduate programs, visit HAMPCAS to enroll and begin your application
- Accessible via AUPHA.org > students > HAMPCAS

A screenshot of the HAMPCAS (Health Administration, Management, and Policy CAS) login page. The browser address bar shows 'hampcas.liaisoncas.com/applicant-ux/#/login'. The page header features the 'HAMPCAS' logo. The main heading is 'Welcome to HAMPCAS'. A large blue box on the left contains a welcome message and instructions to review application instructions. On the right, there is a sign-in section with fields for 'Username' and 'Password', and buttons for 'Sign In' and 'Create an Account'. Below these are links for 'Forgot your username or password?' and 'Reapplying to HAMPCAS?'. The background of the page features a faint grid pattern and silhouettes of healthcare professionals at the bottom.

HEALTH SCIENCE CENTER

A scenic view of the University of Washington campus in autumn. The foreground shows a paved walkway with many students walking. The middle ground is filled with trees displaying vibrant orange and red autumn foliage. In the background, a large, snow-capped mountain (Mount Rainier) rises above a line of evergreen trees under a blue sky with scattered clouds. A large white 'W' logo is in the top right corner.

W

University of Washington

Master of Health Administration

Offered by the Department of Health Systems and Population Health, School of Public Health

UNIVERSITY *of* WASHINGTON

Equity-Focused & Grounded in the Values of Population Health

- The MHA program combines core competencies from a Master of Business Administration (MBA) and a Master of Public Health (MPH), to teach key business skills through a public health lens
- Consistently accredited by the Commission on Accreditation of Healthcare Management Education (CAHME) and the Council on Education for Public Health (CEPH)
- Provides students the knowledge and skills to understand and improve complex health care systems and address health access and health equity

Lead the Future of Health Care

- Emphasis on executive management for transformational leadership and positive changes for today and tomorrow
- Rigorous competency-based curriculum includes business, policy, ethics, information management, strategic planning, finance, and more, all from a health care perspective
- Graduates lead careers in administration and management across a variety of health services and health care settings, including hospitals, clinics, and other medical centers, as well as health departments, public health agencies, policy organizations, and professional networks

Program & Application Essentials

- 76 credit, **two-year, full-time program**
- **Team-based cohort learning style** with fixed curriculum
- Classes are held in person on our beautiful UW Seattle campus Monday–Wednesday
- Capstone project and presentation
- Strong focus on professional development
- Optional summer learning experience (internship, fellowship, shadowing)
- The application for Autumn 2026 entry is now open in HAMPCAS and the UW Graduate School application (both are required), and closes on **January 15**, rolling admissions begin December 1.
