**AUPHA ANNOUNCES NEW PARTNERSHIP WITH THE
DAVID A. WINSTON HEALTH POLICY FELLOWSHIP**

WASHINGTON, DC, February 8, 2022 – The Association of University Programs in Health Administration (AUPHA) is pleased to announce a new partnership with the David A. Winston Health Policy Fellowship. Beginning February 1, 2022, the Fellowship will join AUPHA’s list of Corporate Partners at the Silver Level. Other AUPHA Corporate Partners include the American College of Healthcare Executives (ACHE), the American Hospital Association (AHA), the Commission on Accreditation of Healthcare Management Education (CAHME), the National Association of Health Services Executives (NAHSE), Peregrine Global Services, Health Administration Press (HAP), and Jones & Bartlett Learning.

The new and enhanced relationship will provide for strengthened collaboration between the two organizations, beginning with the Fellowship’s sponsorship of AUPHA’s 2022 Annual Meeting Forum Speaker, Lisa Simpson, MB, B.Ch, MPH, FAAP, President and Chief Executive Officer of AcademyHealth.

“AUPHA is incredibly pleased that the Winston Health Policy Fellowship is joining AUPHA as a Corporate Partner. The relationship between AUPHA and Winston goes back to the Fellowship’s founding in 1987,” said Dan Gentry, PhD, MHA, President and CEO of AUPHA. “We have worked together since then to identify amazing emerging talent for careers in health policy. And since 2017, AUPHA and Winston have also worked together each year to provide up to 20 graduate students with health policy scholarships of \$10,000 each. We look forward to

this more formal partnership, and the additional advances in health policy education and training that we can achieve together.”

“The David A. Winston Health Policy Fellowship has had a strong connection to AUPHA since its inception over two decades ago,” said Mary R. Grealy, JD, Chair of the David A. Winston Health Policy Fellowship. “AUPHA’s first president, Gary Filerman, Ph.D., was a founding Board Member of the Fellowship and strove to promote health policy students to become prominent policymakers on the federal and state levels. AUPHA and the Winston Fellowship have been working together to identify students in graduate-level programs across the country deserving of scholarships and fellowships. We are proud to partner with AUPHA and look forward to continuing to identify the next generation of health policy superstars.”

#

The David A. Winston Health Policy Fellowship commemorates the contributions and personal qualities of David Winston who, for 20 years, played a significant role in shaping American health policy. He served as a bridge between the public sector, which he knew well from long experience, and the private sector.

The Winston Fellowship is a 12-month postgraduate experience in Washington, DC. It is a unique opportunity that provides systematic exposure to organizations, associations, and coalitions in the private sector, as well as policy development centers in Congress and the Administration.

The Winston Scholarship identifies and supports promising young people committed to the fields of health policy, public policy, health administration, and/or health management. Up to 20 \$10,000 scholarships are available each year. For more information, visit www.winstonfellowship.org

AUPHA is a global network of colleges, universities, faculty, individuals, and organizations dedicated to the improvement of healthcare delivery through excellence in

healthcare management and policy education. Its mission is to foster excellence and innovation in health management and policy education, and scholarship. It is the only non-profit entity of its kind that works to improve the delivery of health services – and thus the health of citizens – throughout the world by educating professional managers at the entry level. AUPHA's membership includes the premier baccalaureate, master's, and doctoral programs in health administration education in the United States, Canada, and around the world.
