

# The Society of Bachrach Family Scholars & Fellows

June 2018 Volume 5, Number 3

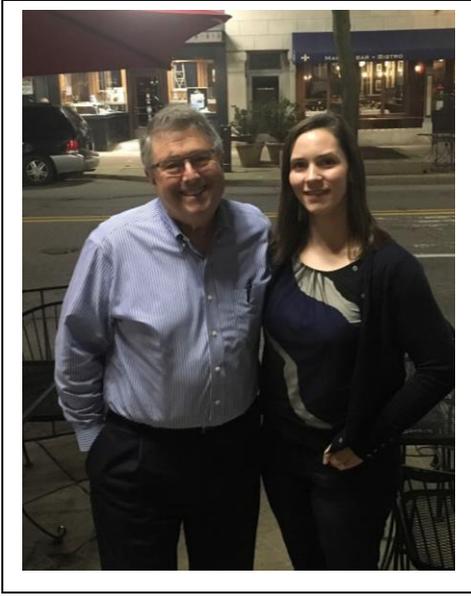

Ciera Hall (University of Florida, 2017-2018) not only graduates with a Masters from the University of Florida's Program in Health Administration, but does so **with distinction** winning the 2018 Outstanding Student Award

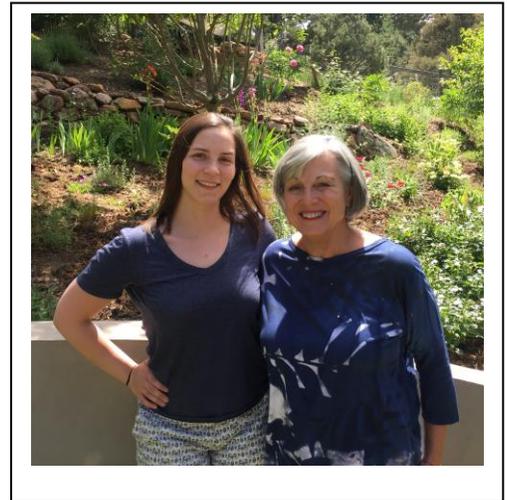

Kathia Regalado (Ithaca College 2016-2018) receives her Bachelors of Fine Arts from Ithaca College, cheered on by her proud parents, older sister, younger brother (a rising senior at Rutgers) and special friend Louis, also a student at Ithaca College ... and by Ithaca College Trustee, ... ME!

Alyssa McNamara, MD (University of Michigan Medical School 2013-2017) completes her transitional internship in Ann Arbor in June and moves on to her four-year residency in Radiology at the University of California-San Francisco. A celebratory glass of wine was shared in early June in Ann Arbor to toast her move and the next step in her journey.

To our great surprise and pleasure, Alyssa visited us in Colorado after a weekend of hiking in Rocky Mountain National Park before heading to San Francisco ...

...as does Raleigh Hayter (Cornell 2008-2009) while visiting DeVita's headquarters in Denver in late June
