Benita David, MBA, DBA, is the founding Chair of AdventHealth University’s Department of Healthcare Administration. Under her leadership, the Master of Healthcare Administration with executive and online tracks, the Bachelor of Healthcare Administration, and Graduate Certificates have been developed.

Dr. David emphasizes relevant, market-driven curriculum development, while creating a balance between theoretical knowledge and practical application. As part of a large healthcare system, she spends ample time developing and maintaining strategic partners, and coaching healthcare executives in a multi-cultural environment.
