

April 17, 2020/11:00 a.m.

HR AUVSI Virtual Chapter Meeting

- 17 attendees (15 video, 2 phone)
- Tom McMahon, Sr VP of Advocacy and Government Relations
 - Legislative Update (slides available)
 - COVID-19 Request from FEMA to AUVSI members to support PPE for trucking industry. See slides following Tom's legislative update. Anyone interested in more information or in signing up should email either Tom McMahon (tmcmahon@auvsi.org) or Michael Wilbur (mwilbur@auvsi.org)
- Dan Wolfe asked for companies in our chapter that are involved in efforts fighting COVID-19; none were noted.
- Arch provided updates on AUVSI Events:
 - Next HR AUVSI meeting will be Aug 19; see website for more details
 - Our chapter will begin a bi-monthly newsletter to highlight information from monthly chapter presidents' calls, local companies, and legislative updates. Provide any inputs to Arch (arch@archandassoc.com) or Dan (daniel.g.wolfe@usi-inc.net). First edition should be out in early May
 - The next chapter symposium (scheduled for 9/30-10/1) is cancelled; the 2021 event dates will be announced as soon as a venue is booked.
 - AUVSI XPONENTIAL is tentatively rescheduled for 8/9-12; updates will be provided as available
 - FAA UAS Symposium is scheduled to take place June 16 – 18 in Baltimore, MD; Registration now open
 - Automated Vehicle Symposium was rescheduled for July 27 – 30 in San Diego, CA; Registration now open
 - AUVSI Unmanned Systems – Defense. Protection. Security will take place as a series of domain specific one-day events, which will be held in Arlington, VA:
 - o Maritime: August 25, 2020
 - o Ground: Monday, September 14, 2020
 - o Air: Thursday, October 1, 2020The series will encourage collaboration between Defense and other unmanned systems stakeholders through a two-part approach
 - o Part I - Program Review -> Program managers will drive the discussion with a presentation on their requirements.
 - o Part II - Market Research -> Industry leaders will present their latest technology solutions/innovations, allowing DOD the opportunity to conduct market research.
