

BGS School Website Copy

The below website copy was written for chapters who wish to share information about BGS on their university's website. Chapter admin and advisors may edit the copy if the edits follow the general descriptions, guidelines, and benefits from the [BGS website](#).

Mission

The mission of Beta Gamma Sigma (BGS) is to encourage and honor academic achievement in the study of business, to cultivate and celebrate leadership and professional excellence, to advance the values of the Society, and to serve its lifelong members.

About

BGS is the international business honor society. Since 1913 they have recognized and honored top-performing students from around the world in business schools accredited by The Association to Advance Collegiate Schools of Business (AACSB). They are also a proud member of the Association of College Honor Societies (ACHS). They are dedicated to providing lifetime value for our members, by offering programs, connections, benefits, and opportunities to every individual within our organization.

Membership

AACSB accredits the top business schools worldwide. Of the students at those universities, BGS invites the following:

- top 10% of undergraduate students;
- top 20% of graduate students;
- and all doctoral business candidates that have successfully defended their dissertation.

This assures that BGS members belong to an organization synonymous with the highest standards of academic excellence.

BGS & Societal Impact

BGS believes business can be a force for global good and is committed to incorporating the environmental, social, & governance (ESGs) criteria and the Sustainable Development Goals (SDGs) into their programming. One of their recent initiatives was the [BGS x SDGs Launch Leadership Conference](#), a virtual conference that connected, educated, and empowered participants to be catalysts for change in their communities.
