To help you answer that question, we’ve put together some information to show you the impact a BGS membership can have on your collegiate experience and your career.

Before we get started, there are two things you should know:

**First, membership in Beta Gamma Sigma is highly exclusive.** We recognize only the top students from the top 5% of business schools with programs accredited by the Association for the Advancement of College Schools of Business (AACSB). That means only a small fraction of the world’s business students are eligible. (More information on accepting your membership can be found on page 15.)

**Second, BGS membership is for life.** Once you accept this invitation, you are a lifetime BGS member and you’ll have access to all honor society benefits.

BGS members are known as the "best in business.” That distinction doesn’t stop at your induction, though. BGS provides its members with professional development, online and in-person networking, and thought leadership so they can continue being the “best in business” throughout their careers.

We look forward to having you join our growing list of notable BGS members. We are delighted to invite you to join, and we’re looking forward to connecting with you for years to come. Congratulations!

ACHS MEMBER

As a certified member of the Association of College Honor Societies, Beta Gamma Sigma exhibits excellence in scholarship, service, programs, and governance. The Society adheres to stringent criteria for membership and carries with it the prestige of ACHS certification.

WE ARE...

HONORED

VERY SELECTIVE

When it comes to inviting students to join, Beta Gamma Sigma only accepts the best of the best. BGS exclusively inducts the top students from schools accredited by The Association to Advance Collegiate Schools of Business (AACSB), which only distinguishes the top 5% of business schools in the world.
With each new member, BGS develops a greater presence in the academic and business communities. As such, we have a reputation to uphold: yours. So we concentrate on programs that will honor your achievement and help you advance in your career.

We have another reputation to uphold, and that is of the institution itself. Because of the high standards for which BGS has come to be known, only a select group is invited into membership each year.

Business leaders know this about Beta Gamma Sigma. That’s why, when they receive a resume with the BGS key, they’re more likely to give it first consideration. In that way, BGS is just as important to your employer as it is to you.

A LEGACY

Beta Gamma Sigma was established in 1913 and has grown and changed as the world has grown and changed. But its standards have remained rigorous. Business leaders recognize BGS as an enduring mark of excellence.

A 100-YEAR PARTNERSHIP

Beta Gamma Sigma operates exclusively in AACSB-accredited programs. The AACSB is the premiere accrediting body for schools of business, founded in 1916—just three years after BGS.
In 1989, BGS installed its first chapter outside the U.S. In the years since, BGS has grown to include members in more than 190 countries. As the global economy continues to drive business, such worldwide recognition is a must.

Beta Gamma Sigma has over 40 Alumni Chapters and Networking Groups around the world, helping lifetime members network, learn, and achieve for decades after graduation. Alumni groups give you access to the highest level of professional networking and support throughout your career.

BGS membership doesn’t end at graduation. You’ll continue to have access to our exclusive programs and benefits, like the Ethical Leadership Certification Program (an online course in workplace ethics), Career Central (description here) and much more.
BGS honors top performers in all areas of business. As you broaden your skills across many disciplines and grow into leadership, BGS remains a relevant, recognized gauge of your value to the business community and a resource for meaningful connections.

Because BGS members are so elite, top graduate schools want to make it as easy as possible for you to apply for their program. Many institutions will waive application fees and entrance exam requirements, and some offer exclusive scholarships—just for BGS members.

Whether you are an undergraduate, graduate student or doctoral candidate, BGS has something for you. You’ll find programs and events designed to help you connect with colleagues and business professionals around the globe. (And there are programs to support you after graduation, too.)

BGS can help you make the transition from college to career easier with members-only offers on professional attire, technology, travel and more. (You’ll find a list of current affiliates on page 16.)
Beta Gamma Sigma is founded.

The Society's constitution is changed to allow female members to be inducted.

BGS exclusively recognizes programs accredited by AACSB International.

The global headquarters of BGS is moved to St. Louis, where it remains today.

The first BGS International Honorees are named.
Before Beta Gamma Sigma, business programs were largely unsanctioned and there were few reliable markers to distinguish those business students who excelled in their studies. The founders of Beta Gamma changed that when they founded the first business honor society in 1913. The strict criteria for BGS membership came to serve as the foremost benchmark for quality business scholars and signified the highest honors possible within quality schools.

More than a century after its inception, Beta Gamma Sigma provides its members lifelong value. From academic recognition to networking and career growth, BGS is with you every step of the way. Accept your invitation to get the journey started!
WE ARE...
YOUR
NEXT STEP
Today is an important day: it is the day you take the first step that thousands of world-changers also chose to take. It is the day that you follow in the footsteps of the world’s most influential CEOs and executives, while also blazing a new and unique trail of your own.

Consider the life-changing implications of this honor. Think about how joining this league of achievers will open doors for you that no other organization can. Then ask yourself: Are you BGS?

**SIX THINGS TO DO RIGHT NOW**

1. **Accept your member invitation.** Your official invitation will be sent to you via email by BGS. The email will include information on the membership fee for your chapter. Use the link in that email to complete your profile and accept your invitation.

2. **Get involved with your chapter** for social events, recognition ceremonies, and BGS Gives Back. Talk to your chapter advisor about opportunities to get involved or take on a leadership position.

3. **Connect with BGS on social media.** Join us on Facebook, Instagram, YouTube, Twitter and LinkedIn to stay engaged with the Society and what’s happening with our members around the world. We’ll share information about the latest news and events as well as thought leadership content to help you find your next job and support you throughout your career.

4. **Check out ConnectBGS,** Beta Gamma Sigma’s exclusive forum-style networking platform. Connect with and get to know your fellow members from around the world. Share ideas, engage in discussions, and learn about all things business from the “best in business”.

5. **Tell everyone you know.** Your membership is proof that BGS considers you a leader of the business world—share the news with your friends and family! Let everyone know that you’re now part of the world’s most prestigious business honor society.

6. **Add it to your resume.** Add the official BGS key to your resume, and talk to your future employers about how Beta Gamma Sigma membership is proof of your aptitude, perseverance, and talent. Consider adding this statement to your cover letter: “I am a lifetime member of Beta Gamma Sigma. BGS has chapters at only the top 5% of business programs, and only the top performing scholars from those programs are invited into membership.”
“I think here at the GLS, it’s amazing. Students have come from nearly 200 schools and everyone truly is a leader. You can tell they really want to be the best. And that’s shown through the corporate sponsors and the graduate business schools that are here as well.”

BGS PROGRAMS AND EVENTS

At BGS, opportunities to grow, network and learn are endless.

**Collegiate Chapters** are home base for all things BGS. Chapter events and activities will provide face-time with other members at your school. Some elect student officers, giving members an opportunity to develop their leadership skills and influence the direction of the chapter.

**The Alumni Network** is a natural extension of collegiate chapters. Members of all experience levels and business disciplines use the network to build wide-reaching career connections and to stay plugged in to BGS throughout their careers.

**The Global Leadership Summit** provides a unique learning experience for collegiate members. The Summit helps students take their leadership skills to the next level with real-world insight and hands-on experiences. Students will have the opportunity to network with business students as well as academic, business, and non-profit thought leaders from across the globe. They will learn more about themselves and how to leverage their strengths.

**The Ethical Leadership Certification Program** helps collegiate members take deliberate steps to bring honor, wisdom and earnestness into the workplace. This program, which was created in partnership with The NASBA Center for the Public Trust, is a signal to future employers of your commitment to ethical leadership.

**Career Central** is a section of the website that’s dedicated to helping you get started on your career path. Here you’ll find expert interviews, professional development programs and webinars, original blog posts, job-hunting advice, and much more.

**BGS Gives Back** embodies the core principles of service and leadership year-round. BGS encourages chapters to organize community service events to help members grow as a team while they give back to the global community.
"Being a member of BGS played a key role in my interview and acceptance into graduate school because I was able to highlight the leadership skills afforded to me during my tenure as an undergraduate student inside and outside of the classroom."
