

The International Biometric Society

Devoted to the Development and Application of Statistical and Mathematical Theory and Methods in the Biosciences.

www.biometricsociety.org

We are a global family of statisticians, mathematicians, biological scientists, and others advancing in the field of biometry.

- Free access to *Biometrics* and *JABES* journals.
- Free access to JSTOR online archive and *Biometric Bulletin*.
- Discounted fees for International Biometric Conference.
- Free access to our online Journal Club and Distinguished Lecture series.
- Professional networking through our online directory.
- Connect and share unique perspectives with colleagues from nearly every continent.
- Get involved as a volunteer through our new Volunteer Pool.
- Build your career through our free Mentoring Program.
- Benefit through access to scientific meeting travel grants.
- Polish your journal manuscripts through the Prose Editing Project.
- Access to many regional conferences and virtual programming through our family of local statistical societies.

39 Regions Strong. Connect with us!

- ✓ The 33rd International Biometric Conference - www.ibc2026.org
- ✓ Online Communities
- ✓ Journal Club Discussions
