

My Profile

My Profile

Profiles are an important part of Members Connect. The profile helps Members Connect, know one another and collaborate in new ways.

➡ From the blue drop down menu go to My Profile:

➡ When you first visit your profile page, you will notice some of your demographic information is already populated. This information comes from the CEFPI member database. The remainder of your profile is yours to complete. The more complete your profile is, the easier it will be for members to find and collaborate with you. You can now link your social media (Facebook, Twitter, LinkedIn etc.) directly to your Members Connect profile.

Twitter Tweets
[Share your tweets from Twitter®](#)
Share your thoughts with your colleagues! Connect your profile to your Twitter account and some (or all) of your tweets will show up here.

- Add a profile picture – Take a moment to upload an image of yourself. So many members correspond on a regular basis and have not had a chance to meet in person. A Picture will help put a face to a name and enhance the Members Connect Community.
- Add company /bio information
- Go through each section and fill out as much as possible- the more you fill it out the easier it will be for people to find you in a search.

 **My Contacts: You can build a list of contacts to help with your networking, a virtual address book.**

Johnson, Chad Add Chad as contact Send Message	PageSouthernlandPage, LLP Senior Associate Austin, TX, United States	
Johnson, Charles Add Charles as contact Send Message	VLK Architects, Inc. Associate Houston, TX, United States	

You can organize your list of contacts by using the 5-star rating system. Another tool to help you organize the contact you keep in touch with most frequently. Not to worry-this information is only visible to you. If your contact list is long, the star system help you stay organized. We suggest giving the people you contact the most 5 starts and the ones you contact the least 1 star.

You can view your Communities; see the discussions, members and library of uploaded files. Find My Communities through the My Profile or Communities drop down menu. Click on the name of the community to see more detail about that community, what has been posted, announcements and discussions.
