# Analyst – Equity Research

## The Opportunity

Analyst – Equity Research will be responsible for covering both local and international equities. The candidate will be expected to conduct detailed and focused research on assigned sectors, with the objective of generating investment ideas and addressing client requirements.

## What You'll Do

- Develop a thorough understanding of sectors and companies assigned
- Conduct detailed research (both primary and secondary) on the assigned sectors and companies and generate investment ideas
- Prepare detailed financial models, databases and reports on the assigned sectors and companies under coverage
- Remain abreast of the key developments occurring in the broader market in general and assigned sectors in specific and provide active and timely updates through alerts and briefs
- Assist the department in developing, maintaining and updating databases and publish periodical reports

## What You Bring

- At least a bachelor's degree in Economics, Finance, Accounting, or related areas from a well-reputed institution, or be an ACCA
- CFA charter holders or candidates actively pursuing the CFA program will be given preference
- 1-3 years of relevant experience in equity research or related fields
- Strong analytical and conceptual skills encompassing finance and investment
- Thorough understanding of various valuation approaches and methods
- Excellent communication skills (both written and oral English)
- Should be confident, hardworking, result-oriented, and a good team player
