

Job Available – Alpha Beta Core

Position: Analyst, Corporate Finance

Job Overview:

We are seeking a highly skilled and detail-oriented Analyst to join our Corporate Finance team. As an Analyst, you will play a crucial role in supporting and executing complex financial transactions, including mergers and acquisitions, divestitures, capital raising, and strategic partnerships. Your expertise in financial analysis, valuation, due diligence, and market research will contribute to the success of our clients' transactions and help drive informed investment decisions.

Job Description:

- Conduct comprehensive financial analysis, including financial modeling, valuation, and sensitivity analysis, to support the execution of complex transactions.
- Conduct financial analysis, review financial statements, and evaluate historical performance, industry trends, and market conditions to assess the financial viability and risks of potential deals.
- Prepare and present financial reports, investment memorandums, and pitch materials to senior management, clients and other stakeholders, providing insights and recommendations based on thorough analysis.
- Collaborate with cross-functional teams, including investment bankers, legal advisors, and other professionals, to ensure seamless execution of transactions and alignment with client objectives.
- Assist in the preparation and negotiation of deal documentation, including letters of intent, purchase agreements, and other transaction-related documents.
- Conduct market research and industry analysis to identify potential investment opportunities and assess market trends, competitive landscapes, and regulatory environments.
- Monitor and evaluate the financial performance and post-transaction impact of completed deals, providing ongoing support and recommendations to clients.
- Stay updated on industry developments, market conditions, and regulatory changes to provide proactive insights and enhance transaction strategies.
- Utilize financial software and tools to perform complex financial analyses, maintain data integrity, and generate accurate reports.

Job Requirements:

- Qualification: BBA/BS/MBA (Finance/Accounting/Economics) and CFA candidate.
- Experience: 2-3 years of professional experience in corporate finance, equity research, transaction, or investment advisory.
- Strong knowledge of financial analysis techniques, including financial modeling, valuation methods (DCF, comparable company analysis, etc.), and transaction process.
- Proficiency in financial software and tools such as Excel, Bloomberg, and financial databases.
- Excellent analytical skills with the ability to interpret complex financial data and draw meaningful conclusions.
- Solid understanding of accounting principles, financial statements and financial analysis.

If you are a driven and analytical professional with a passion for corporate finance, and meet the qualifications mentioned above, we encourage you to apply for this exciting opportunity.

Location: Karachi

Salary: Compatible

Interested candidates can send their CVs to hr@alphabeta.com by July 31, 2025.
