

## **Financial Analyst – Strategy, Research & Analytics UBL**

### **About the job**

**Job Summary:** The analyst will work at the intersection of strategic finance, investment research, and corporate strategy, delivering analytical insights and transaction support to drive business growth and capital allocation decisions.

### **Responsibilities**

- Build and maintain financial models for credit, valuation, and transaction analysis
- Prepare investment memos, sector research, and executive presentations
- Monitor macroeconomic, industry, and regulatory developments
- Support strategic initiatives, portfolio reviews, and deal execution

### **Requirements**

- 2–5 years of experience in investment banking, corporate banking, equity research, strategy, or transaction advisory
- CFA Level I cleared; Level II candidate preferred
- Strong financial modelling, analytical, and communication skills
- Commercial mindset with strong ownership and execution capabilities
