

EY Rapid - Assurance - Audit Complex Securities Valuations Graduate Opportunity

EY · Islamabad, Islāmābād, Pakistan (On-site)

About the job

- EY Rapid – Complex Securities Valuations Graduate Opportunity Location: Karachi/ Lahore/ Islamabad

At EY, we're all in to shape your future with confidence.

We'll help you succeed in a globally connected powerhouse of diverse teams and take your career wherever you want it to go.

Join EY and help to build a better working world.

Are you ready to shape the future with confidence?

Here at EY, you'll have the chance to build a truly exceptional experience. We'll empower you with the latest technology, surround you with high-performing teams, and provide the global scale and diverse and inclusive culture you need to discover your full potential. Through our coaching and training programs, you'll develop the skills you need to stay relevant today and, in the future, – all while building a network of colleagues, mentors, and leaders who will be on the journey with you at EY and beyond.

The Opportunity

Are you eager to learn about how organizations operate and succeed? Are you a problem-solver and strategic thinker passionate about the business world?

This graduate opportunity in EY RAPID within our Complex Securities Valuations practice is for you. You will be mentored as you work with supportive and diverse project teams that will help you learn and challenge you to grow. You will assist our clients in addressing their strategic planning, regulatory compliance, financial reporting and fair market value documentation needs. You'll have the opportunity to develop your career through a broad scope of engagements, mentoring and formal learning.

If you are a university graduate, EY could be the opportunity for you. You will be part of a team working with interesting clients, and we'll help you to enhance your strengths and acquire new skills

for your career.

What We Look For

- You have an agile, growth-oriented mindset. What you know matters. But the right mindset is just as important in determining success. We're looking for people who are innovative, can work in an agile way and keep pace with a rapidly changing world.
- You are curious and purpose driven. We're looking for people who see opportunities instead of challenges, who ask better questions to seek better answers.
- You are inclusive. We're looking for people who seek out and embrace diverse perspectives, who value differences, and team inclusively to build safety and trust.
- Qualifications:
 - Bachelor's or master's degree in: Business, Accounting or Finance or other related fields. Preferably, focused on Financial Mathematics or Quantitative Finance.
 - Understanding of Fixed Income products and Derivatives across various asset classes
 - Basic understanding of Options Greeks and various option pricing methodologies
 - Strong analytical skills and business acumen.
 - Proficient with various Microsoft applications such as Excel, Power-point and Word
 - Any knowledge of Python or VBA is a plus.
 - Progress towards or completion of CFA and/or FRM certification is a plus.
 - Financial modelling skills including experience building models from scratch.

What's In It For You

- Accelerate your technical capabilities and transformative leadership skills with future-focused courses and development programs.
- Broaden your horizons by working on highly integrated teams across the globe and collaborate with people of diverse backgrounds — both professionally and culturally.
- Bring out the best in yourself with continuous investment in your personal well-being and career development.
- Develop your own personal purpose and help us create a positive ripple effect on our teams, our business, clients and society.

What You Can Expect

Step 1: Apply

- If you can confidently demonstrate that you meet the criteria above, please complete the online application as soon as possible. Make sure to answer all questions.
- Make sure you apply early and do not forget to follow the instructions carefully and answer all the questions to ensure your application is successful.

Step 2: Online Assessments

- After we review your application, you will receive an invitation email from 'EY Careers' to complete the EY online assessments. Approach the tests as you would approach any new challenge. It might be tough, but you can do it!

Step 3: On Demand Interview

- Upon passing the assessments, you will receive an email invitation to complete a prerecorded video interview. You will be required to record yourself responding to behavioral

based questions. Being yourself is key to passing this step of the recruitment process.

Step 4: Attend

- Once you have been shortlisted, you may be invited to attend a recruitment day or an interview. This is your opportunity to visit our office, speak with our people and ask questions about life and work at EY.

Step 5: Receive

- If you are a great fit for the opportunity, you will receive an offer to join EY and begin your career at one of the best companies to work for. It's time to celebrate.

Are you ready to shape your future with confidence? Apply today.

To help create an equitable and inclusive experience during the recruitment process, please inform us as soon as possible about any disability-related adjustments or accommodations you may need.

EY | Building a better working world

EY is building a better working world by creating new value for clients, people, society and the planet, while building trust in capital markets.

Enabled by data, AI and advanced technology, EY teams help clients shape the future with confidence and develop answers for the most pressing issues of today and tomorrow.

EY teams work across a full spectrum of services in assurance, consulting, tax, strategy and transactions. Fueled by sector insights, a globally connected, multi-disciplinary network and diverse ecosystem partners, EY teams can provide services in more than 150 countries and territories.
