

## US EQUITY ANALYST

---

The Civil Service Superannuation Fund provides investment management services for the 55,000 members of the defined benefit pension plan. A sixteen-person team manages \$12.8 billion of client assets invested in a diversified portfolio of public equities, bonds, real estate, private equity, private credit and infrastructure.

### Opportunity

We are seeking a highly motivated individual with an interest in pursuing an intellectually challenging career in investment management. The position requires a high level of dedication, original thinking, and a drive to outperform.

### Role

You will join a focused, three-person team managing a \$2.14 billion US Large Cap equity portfolio. The fund utilizes a fundamental GARP strategy and has outperformed the S&P 500 by 1.3% annually over the last 7 years.

As a key member of the team, the successful candidate will have an unparalleled opportunity to influence investment decisions, develop deep sector expertise, and see their work translate directly into portfolio performance.

### Responsibilities

- Origination, analysis, and evaluation of investment opportunities
- Building and maintaining financial models with a focus on drivers of future change
- Preparation and presentation of market intelligence, written investment recommendations, and updates for the Portfolio Manager
- Ongoing monitoring of portfolio holdings with active recommendations for position sizing and exits
- Continuous learning through industry research, management meetings, analyst calls, and industry conferences as needed

### Qualifications

- Undergraduate degree with a CFA designation is preferred (prospective 2026 grads with a willingness to pursue a CFA designation also considered)
- A creative and critical thinker with the ability to see opportunities and threats where others may not
- Genuine curiosity to interpret in-depth information regarding industries and competitive dynamics
- Proficiency with modern research tools including a strong understanding and demonstrated interest in AI applications for gathering, organizing and viewing information
- Exceptional written and oral communications skills
- Strong time management skills with the ability to multi-task
- A true passion for investing

### Compensation and job title commensurate with experience
