

IGM Financial Inc. is one of Canada's leading diversified wealth and asset management companies with approximately \$271 billion in total assets under managements. The company provides a broad range of financial planning and investment management services to help more than two million Canadians meet their financial goals. Its activities are carried out principally through IG Wealth Management and Mackenzie Investments.

Under IGM Financial's unique business model based on leading brands and multi-channel distribution strategy, we're IG Wealth Management. For over 90 years of business, we have grown to become one of the largest most respected companies in Canada. We are a leader in providing the best advice, experience and outcomes for our clients, personalized throughout their lifetime.

At IG Wealth Management, our vision is to inspire financial confidence.

This is your opportunity to build a career with a leading organization where you can learn, grow and thrive both professionally and personally. We are proud to be recognized as one of Canada's Top Employers by Mediacorp Canada Inc. for empowering our employees with the tools to thrive while working remotely, while also providing resources to ensure physical and mental wellness were put front and center.

You will join a team that believes our success starts with the success of our clients, while working together as a team to realize our greatest potential. You will join a team that strives towards excellence while developing and sharing skills and knowledge. You can make a difference for our clients, the world around us and be part of a team that cares. We are dedicated to offering a hybrid work environment when applicable.

IG Wealth Management is a diverse workplace committed to doing business inclusively - this starts with having a representative workforce! We encourage applications from all qualified candidates that represent the diversity present across Canada – including racialized persons, women, Indigenous persons, persons with disabilities, 2SLGBTQIA+ community, gender diverse and neurodiverse individuals, as well as all who may contribute to the further diversification of ideas.

Position (details)

As Manager in the Corporate Investments and Treasury department, you will be responsible for performing valuations and analysis of complex transactions for IGM Financial's Mortgage Banking Operations. You will be part of the Mortgage Banking team that is responsible for various aspects of the mortgage business which include funding, risk management, reporting, analysis, and forecasting.

Responsibilities:

- Valuation of mortgage-related derivatives and other financial instruments with focus on securitization structures and risk management.
- Prepare and interpret monthly valuation of mortgage banking structures including asset-backed commercial paper, mortgage-backed securities, and interest rate derivatives using a variety of standard and specialized valuation techniques.
- Review daily valuations and manage counterparty and internal communications for variation margin purposes (posting and demanding collateral, including interest payments).
- Review, verify, and attribute changes in the valuations of mortgage-related derivatives.

- Analysis of capital markets and industry.
- Build and maintain complex dynamic financial models to analyze performance and various business-related risks.
- Provide finance support as necessary on corporate and business development opportunities, including projects, ad-hoc analysis, valuations and due diligence.

Requirements:

- 4-7 years experience with understanding of the financial markets, valuation approaches, and a strong understanding of capital markets.
- Undergraduate or graduate degree in a business discipline is required.
- Completion or active pursuit of a financial designation (e.g. CFA, FRM, AFM, FSA, CPA) is an asset.
- Advanced skills in Excel, and other Microsoft Office applications; Bloomberg experience is an asset.
- SAP experience building queries and modeling data extracts.
- Strong valuation, analytical, and financial modeling skills
- In depth knowledge of financial markets (particularly fixed income), the mortgage industry and financial statements.
- Strong verbal and written communication skills.
- Highly organized with ability to manage multiple demands under challenging time constraints/ conditions.
