Michael Mescher is Founder and CIO of Gammon Capital LLC, a New York based derivatives advisory firm working with Corporations, Hedge Funds, Institutional and Private investors seeking to stabilize returns and manage volatility. His clients include those based in San Diego, and in 2020, [Financial Times](#) named Gammon, then with only \$25mm AUM, as one of the world's top performing hedge funds, with gains of 600%. An expert in derivatives markets and hedging techniques, Mr. Mescher was formerly Partner and Equity Options Portfolio Manager at Ronin Capital, focusing on index options and volatility trading. From 2008-12, he was Head of Special Situations Options Volatility Trading at Barclays Capital where he developed and executed strategies around risk arbitrage, event or catalyst driven opportunities. He began his career at Chicago Trading Company focusing primarily on Nasdaq and S&P listed equity derivatives. Mr. Mescher holds a BBA from American University's Kogod School of Business.

Laurie Itkin (also known as "The Options Lady") is a certified divorce financial analyst and specializes in the division of equity compensation such as restricted stock units and stock options. She has worked on hundreds of divorce cases for clients primarily employed by Fortune 500 companies including Alphabet, Apple, Amazon, Boeing, Disney, Intuit, Meta, Nvidia, Qualcomm, Salesforce, Sempra, ServiceNow and Tesla. In 2014 Ms. Itkin published, *Every Woman Should Know Her Options: Invest Your Way to Financial Empowerment*, which became an Amazon bestseller in three categories. She recently retired from investment management at Coastwise Capital Group, where she managed the portfolios of clients' brokerage, trust and retirement accounts. Her specialty was using conservative options strategies to generate income and manage downside risk. Ms. Itkin has appeared as a guest expert on investing and financial aspects of divorce on television, radio and podcasts. She has been quoted in numerous publications including the *New York Times*, *Wall Street Journal*, *San Diego Union Tribune*, *Chicago Tribune*, *Christian Science Monitor*, *U.S. News and World Reports*, and *Forbes*. Ms. Itkin volunteers as a pro bono financial advisor for the Savvy Ladies Helpline. She enjoys playing squash and pickleball and performs improv comedy with her husband. She earned a B.S. in economics with a concentration in finance from the Wharton School of the University of Pennsylvania in 1990.

Kevin Tahan - A CFA charterholder since 2002 and member of CFA San Diego, Kevin Tahan manages business analysis and revenue forecasting for Boingo Wireless. Boingo simplifies complex wireless challenges to connect people, business and things, powering high-speed Wi-Fi, DAS, and private networks at major airports, stadiums, military bases, and commercial properties. Kevin's tenure at Boingo follows nearly 10 years with Qualcomm, and well before that, several years in the securities industry as an investment advisor, research analyst, and options principal. When not thinking about wireless networks or talking about options contracts, Kevin plays a decent bit of over-the-line beach softball and indecent amount of questionable golf.
