

Fund Manager – SMA (Fixed Income), Fund Management

Job Role:

The role requires someone who is innately driven and thrives in a challenging environment. The candidate must exhibit a strong ability to work under pressure, as portfolio management is an inherently demanding task with constant exposure to capital market movements and evolving client expectations.

The ideal candidate shall be actively managing fixed income investments for SMA portfolios while managing key stakeholders strategically.

The key aspects of this position include:

Portfolio Management, Investment Strategy, Client Relationship Management, Investment Research, Performance Monitoring, Risk Management & Compliance and Operations.

Experience: Preferably, over 4 years of relevant experience

Education: Preferably CFA charter holder

Location: DHA Phase 6 Lahore

Compensation: Market Competitive

Last date of application: June 09, 2023
