

Organizations : Akseer Research

Position: Economic Analyst

The Economic Analyst would be responsible for conducting research on economic trends and issues in GCC, with a focus on Saudi Arabia, as well as Pakistan. The analyst will be expected to provide analysis and insights to support investment decision making. The ideal candidate will have a strong background in economics, as well as experience with data analysis and statistical modeling.

Key job description of the Economist would be as follows:

- Conduct research on economic trends and issues, using a variety of data sources.
- Analyze data and develop economic forecasts and projections using econometric and other financial modelling techniques.
- Write reports and prepare presentations that communicate economic findings, insights and trends and their impact on financial markets to the internal team as well as the clients.
- Write periodic publications and contributing to other regular publications for economic outlook.
- Develop and maintain a comprehensive economic database.
- Stay up-to-date on economic news and developments.
- Collaborate with other members of the research team for incorporation of economic estimates in financial models and projections.

Requirements:

Candidate Profile:

The candidate should have at least bachelor's degree in economics, CFA, ACCA or any relevant qualification from a well reputed institution with at least 2 years of relevant experience.

Other requirements:

- Excellent report writing skills, backed by thorough, methodical research skills combined with excellent attention to detail.
- Ability to work successfully under tight deadlines.
- Strong analytical and conceptual skills encompassing finance and investment.
- Thorough understanding of basic and advanced finance concepts.
- Proficient in MS Office and strong presentation skills
- Excellent communications skills (both written and oral English)
- Should be confident, hardworking, result oriented and a good team player

Job Location: Shahrah-e-Faisal, Karachi

Salary Budget: PKR 100k - 160k depending upon the candidate's profile
