

Embark on a transformative journey with the Certification in Treasury Management (CTM), designed to elevate your skills and knowledge in the dynamic world of finance. Offered by NIBAF in collaboration with CFA Society Pakistan, this self-study based certification is developed with insights from the State Bank of Pakistan (SBP), CFA Society Pakistan, FMA, and industry practitioners, ensuring it meets local market demands.

WHAT OUR EXPERT SAYS?

Mohammad Shoaib, CFA,
Director, Advocacy & GIPS Chair
Chairperson, CFA Society, Pakistan
Curriculum Committee - Certification in
Treasury Management:

"I am thrilled to share that it is the first time that NIBAF and CFA Society Pakistan have collaborated to design and develop a local certification in Treasury management that is custom designed to meet the requirements of the local capital and money markets. Not only it covers conventional treasury products and concepts, but it also caters to the learning opportunity in Islamic treasury functions which is so critical for the conversion of the entire financial system to Islamic mode as per the directive of Supreme Court of Pakistan."

Muhammad khaliq Uz Zaman, President FMAP:

"Treasury certification bridges the gap between theoretical knowledge and practical application, empowering professionals to turn concepts into actionable insights. By achieving treasury certification, individuals can unlock their full potential, driving business growth and success through informed, strategic financial decisions."
