

Job Title: Financial Analyst

We are seeking an experienced and proficient financial analyst with expertise in financial modeling, data analytics, creating dashboards in Microsoft Power BI, and financial reporting, to join our team. The ideal candidate will work closely with our client, a reputable investment firm based in the U.S. that operates and invests in software.

Responsibilities:

- Conduct financial analysis using quantitative and qualitative approaches.
- Develop financial models and dashboards using Microsoft Power BI.
- Analyze and interpret complex financial data and communicate insights to stakeholders.
- Prepare financial reports and presentations to support decision-making.
- Work closely with the client to provide financial recommendations and insights.

Requirements:

- Bachelor's or Master's degree in finance, accounting, or a related field.
- Proven experience in financial modeling, data analytics, and financial reporting.
- Excellent proficiency in MS Excel and Power BI.
- Fluent in English with strong communication and interpersonal skills.
- Able to work effectively with U.S. clients on a 7 pm to 3 am Pakistan time schedule.
- Prior experience working for an investment firm, a VC or a PE fund, or as an equity research analyst in an investment bank, and/or holding a CFA, CPA, or FRM designation is preferred.

This is a full-time position (not remote) based in Lahore (DHA) with a competitive salary range of PKR 315,000 to PKR 375,000 per month. The successful candidate will be selected based on two to three rounds of interviews, including a case study.

To apply, please email your resume to alimalik86@gmail.com. Only short listed candidates will be contacted.
