

JOB VACANCY

Finalytics Private Limited is currently looking for a position of **Associate**. Finalytics is a financial advisory firm specializing in Corporate Finance, Buy-Side/Sell-Side Advisory and Infrastructure Projects Advisory with niche in Power Sector Advisory. Finalytics has successfully closed transactions in major infrastructure deals in KSA and has extensive involvement in projects developed under CPEC.

Job Description:

- Preparation of business/financial models including sensitivities and scenario analysis to achieve various objectives of clientele i.e. bid submission, corporate valuation, feasibility for sponsors/lenders, target price for IPO, project financing or other fund raising assignments, buy-side or sell-side advisory etc.
- Carry out due diligence assignments & preparation of feasibility studies
- Conduct market/industry research across sectors, industries and economies, perform financial/business analysis to support the business plans
- Prepare marketing materials e.g. teaser and information memorandum
- Preparation of detailed workings, reports and presentations for clients and internal discussion
- Provide overall support to senior team members in the execution of transactions and mandates
- Exhibit strong knowledge and grip on IAS/IFRS and financial concepts
- This position entails a hybrid work arrangement, with office presence required as dictated by work requirements

Candidate Profile:

- Only candidates with ACCA Qualified and pursuing CFA with at least CFA Level 2 passed will be considered.
- Any relevant work experience in Financial Advisory/financial models will be a plus.
- Strong understanding of corporate finance principles and methodologies.
- Strong command in MS Excel.
- Proficient in Microsoft Office Applications especially Excel, Word and PowerPoint.
- Excellent English language communication skills, including report writing and official correspondence.

Salary:

Market based salary along with other perquisites as per the policy of the company.
