

**Claymore Consultants
Job Description**

Job title: Investment Analyst

Work Location: Fairways Commercial, DHA Phase 6, Lahore, Pakistan

Division/Department: Corporate Finance & Deal Advisory

Reports to: Manager Corporate Finance & Deal Advisory

Full-time

Part-time

Overview:

We are looking for an Investment Analyst to undertake financial modelling, market research and report writing on prospective investment opportunities. The successful candidate will study how an investment is likely to perform and how sustainable it is. You will participate in our sound portfolio-management strategy by providing support for our decision-making process.

Duties and Responsibilities:

- Assist in developing complex/integrated financial models in Microsoft Excel
- Conduct financial analyses and market research for different projects
- Carry out financial due diligence of audited financial statements
- Develop investment memorandums, client proposals and presentations on Microsoft Powerpoint
- Provide support to senior management in Investment Advisory

Education and Skill Requirements:

- Fresh graduates looking for a career in Investment Management / Corporate Finance are encouraged to apply
- Good verbal and written communication skills
- Good MS Office proficiency (Excel, Powerpoint and Word)

In order to apply send your CVs to the below mentioned email address and mention the job title in the subject.
