

## Senior Analyst

**Company:** Intermarket Securities

**Location:** Karachi

**Job Description:** The core function is to develop and maintain financial models and write equity research reports. Prior coverage on Cement, Fertilizer or Oil Exploration will be preferred. Responsibilities will also include overseeing the junior analysts in the team, and assisting with corporate access.

**Experience:** At least 3 years of work experience working in equity research, either on the sell or buy side. Candidates enrolled in the CFA program will be preferred. We are willing to consider more experienced candidates also, who may be interested in a Deputy Head of Research role.

**How to Apply:** Please send in resumes at [careers.imsecurities.com.pk](https://careers.imsecurities.com.pk). Please mention job title in the subject line.

**Deadline:** 15 August 2023
