

Job Details:

Our client, a reputable investment consulting firm, is seeking an experienced Investment Analyst to join their team in Karachi. The Investment Analyst will be responsible for conducting market research, analyzing financial data, and assisting senior team members in business activities/transactions.

Key Responsibilities:

- Conduct market-based research to identify investment opportunities and trends.
- Develop dynamic financial models and financial feasibilities from scratch.
- Analyze financial data and interpret relevant trends, patterns, and insights.
- Assist senior team members in facilitating business activities/transactions.
- Develop marketing prospectus, including information memorandum, term sheets, due-diligence reports, business plans, pitch books, and investor briefs.
- Support senior management in business development activities.
- Liaise with both external and internal stakeholders.

Job Specifications:

- Education: BBA/MBA/CFA
- Experience: 2-3 years of relevant experience in investment analysis or financial modeling.
- Location: Clifton, Karachi.
- Pursuance of CFA is a plus.

Requirements:

- Strong analytical and quantitative skills.
- Excellent attention to detail.
- Strong communication and interpersonal skills.
- Proficiency in Microsoft Office and financial modeling software.
- Ability to work under pressure and meet deadlines.
- Strong work ethic and team player.
