

**Job Title: Financial Analyst**

**Location:** Karachi

**Job Description**

As a Financial Analyst, you will be responsible for conducting financial analysis and providing insights and recommendations to support strategic decision-making. You will work closely with the Finance & Investor Relations Teams.

**Key Responsibilities:**

- Conduct financial analysis to support strategic decision-making, including analyzing financial statements, preparing financial models, and conducting market research.
- Develop and maintain financial models to forecast future performance and identify potential risks and opportunities.
- Prepare regular financial reports and forecasts to inform senior management and the Board of Directors about the financial health of the organization.
- Assist in the development of budgets and financial plans.
- Monitor and analyze financial data to identify trends and provide insights and recommendations to improve financial performance.
- Collaborate with other departments, such as risk management, finance, and accounting, to ensure alignment and coordination of efforts.

**Requirements (Education, Experience, Skills etc.)**

Bachelor's degree in finance, accounting, ACCA / CA / CFA, or a related field.

- 2+ years of experience as financial analyst or related field, in corporate or banking sector is required.
- Strong analytical and problem-solving skills, with the ability to identify and assess complex financial issues.
- Excellent communication and interpersonal skills, with the ability to communicate complex financial information to non-financial stakeholders.
- Knowledge of financial regulations and standards, such as GAAP and IFRS.
- Advanced proficiency in Microsoft Excel and financial modeling tools.
