DEPARTMENT SUMMARY: IG Investments is responsible for the development and ongoing management of our financial products and services, as well as managing relationships with our sub-advisors, in order to provide managed solutions with strong risk-adjusted performance.

POSITION SUMMARY:

The Manager, Alternative Assets will work collaboratively with business partners within IG Investments as well as across company departments to support the development and implementation of our investment product plan, with continued focus on managed solutions and building out our alternative asset capabilities. The successful candidate will play a key role in private asset product management, including maintaining private asset pacing models, communicating with partners and assisting with the evaluation of new product opportunities.

DUTIES INCLUDE:

- Private investments oversight – maintenance of pricing models, capacity analysis, due diligence and onboarding of potential new investments, use of private asset database, coordination with internal and external stakeholders and reporting.
- Collaboration with private asset partners on both implementation as well as monitoring product development and trends.
- Investment operations support: ensuring adherence to internal policies; in partnership with compliance, legal, sub-advisors and others within IG Investments.
- Supporting the preparation of presentation materials to senior management and key IGM partners.
- Maintenance of private asset inventory and other product management duties.
- Provide problem solving support and analysis for various strategic topics.

QUALIFICATIONS:

- Post-secondary business degree (B. Comm.) and desire to pursue CFA designation (minimum level 1 completed).
- 5+ years' experience in a mutual fund/investment-oriented environment. Experience with private markets would be an asset.
- Demonstrated proficiency in PC applications including Excel and PowerPoint. This includes the ability to create and produce presentations and reports using the most up to date technology. Experience with Preqin would be considered an asset.
- Ability to manage multiple projects/tasks with flexibility to work with changing priorities.
- Demonstrated analytical, numerical and problem-solving skills with strong attention to detail.
- Strong organizational and time management skills to meet tight deadlines.
- Ability to work independently as well as in a collaborative environment.
- Proven ability to communicate effectively (oral & written) with individuals at all levels
