

# Front-of-Package Nutrition Labelling & Supplemented Foods Workshop

Presented by Food Processing Skills Canada (FPSC)

**1-Day In-Person Workshop | \$99 ~~\$399~~ per person**

**LONDON, ON**

## Why You Should Attend:

Whether you are far along in the labelling process or just beginning, this workshop is for you. By January 1, 2026, the Front-of-Package Nutrition Labelling and Supplemented Foods Regulations will be fully in effect. Many food and beverage pre-packaged products are implicated, are you ready?

This is your opportunity to:

- Understand key compliance requirements and regulatory thresholds
- Gain practical tools to apply in product development, quality assurance, and marketing
- Work hands-on with real product scenarios and industry tools
- Ask your questions directly to a leading regulatory expert
- Walk away confident and informed, with a certificate of attendance, templates and a workbook you can use immediately

## Facilitated by Dr. William Yan

Former Executive at Health  
Canada's Food Directorate

**Date:** October 17<sup>th</sup>, 2025

**Time:** 9:00 a.m. — 4:00 p.m

**Location:** Fanshawe College  
- 1001 Fanshawe College Blvd

## What You'll Experience:

### Morning Session – Expert Insights

- FOP Labelling: Symbols, thresholds, exemptions, design
- Supplemented Foods: Definitions, classifications, and labelling

### Afternoon Session – Practical Applications

- Group case studies and mock product exercises
- Peer discussions and expert feedback

## Who Should Attend:

### Professionals in:

Food & Beverage Manufacturers | Quality Assurance | Regulatory Affairs | R&D | Product Development | Importing & Distribution | Packaging | Compliance | Marketing | Consulting | Food Inspection
