Mental Health Screenings

Take a check up from the neck up!

As part of our ongoing efforts to promote mental health and suicide prevention in the construction industry, the CIASP has partnered with Screening for Mental Health to set up a web portal to allow CFMA members to take a secure, confidential, anonymous mental health screenings. Incorporating mental health screenings into company wellness plans is a

key component to integrating suicide prevention into company operations. This is a great way to try this out, get familiar with the process, and have a non-threatening resource to share with employees, co-workers, friends & family. The portal will be available until the end of November and can be found [here](#). Questions? Ask [Michelle Walker](#)

October 19th Luncheon Recap - Cord Armstrong and Stephan King Deliver Valuable Information!

by Marj Weber

It was so great to be back at a VoS Monthly lunch this past week. For many reasons I have not been able to attend most of them this year! However, I did not want to miss our Annual Tax Update (early) with Stephan King and Cord Armstrong.

I was gratified to see so many in attendance this month, I didn't do a head count but it looked like close to 100! We also had a special guest - Stuart Binstock, President and CEO of CFMA National. Given a chance to make opening remarks, Stuart concentrated his

words on our Chapter (he knows how proud we are to be the Valley of the Sun) and gave a shout out to the many in our Chapter involved on a National level with a special thanks to our own Michelle Walker for her outstanding work with the Suicide Prevention initiative.
