Give Back to the Community – Volunteer Today!
A Message from Your CFMA Community Service Project Committee

There are 146+ reasons why we need you to volunteer to deliver a Junior Achievement program this spring! The current open class list is attached to this newsletter, and there are 146 classes that still need a volunteer. The attached list is sorted by school and city and shows ALL OF THE CLASSES THAT STILL NEED A JA VOLUNTEER. As you know, for as little as an hour a week, you can make a difference in the lives of young people in your community. The Junior Achievement classroom and afterschool experience will leave you feeling proud, energized and hopeful about a better future for our young people.

It may have been last semester that you were in a classroom delivering Junior Achievement; it may have been five years ago, we encourage you to teach again this semester!

We would also like to invite you to share the JA volunteer opportunity with your friends, family and co-workers. If you know even one other person that would like to share their personal and professional experiences and skills with students from your community by delivering one of our programs, please forward the list with a personal message about your JA experience. The JA staff can visit with new volunteers and get them in the classroom before the end of the semester.

THANK YOU CFMA MEMBERS for Volunteering – together we are making a difference!

Please contact Zoe Otero Martinez if you would like to volunteer in the classroom or have any questions. Her contact information is shown below:
