Natural resources are precious to us all; please consider the environment before printing this newsletter.
Happy August CFMA Members,

Another great month to be a CFMA member thanks to our hardworking volunteers!

July Recap

Monthly Meetings - First and foremost, a special thank you to our Speakers Committee, Mike Bickel, Sam Conlee and Chris Henderson, for the tireless efforts put forth to guarantee our membership is offered the highest quality educational opportunities. CFMA was graciously provided the opportunity to partner with AGC for July’s meeting and benefitted from Mike Puelle’s presentation on Public-Private Partnerships. For additional information or follow up questions please contact: Mike Puelle, Director of Public Policy & Government Relations – AGC mike@agcnm.org or (505) 842-1462

CFMA Student Scholarships - All of the student scholarship applications are in, scores have been tallied and CMFA’s Student Liaison committee consisting of Barbara Lewis, Michele Zulka-King and Eileen Kreisle are anticipating awarding over $8,000 to students attending the University of New Mexico, New Mexico State University, New Mexico Tech and Central New Mexico Community College. Details will follow next month but many thanks are owed to this team for their contributions to the next generation of industry superstars!!

Upcoming Events

August General Meeting – As you will notice in this newsletter our Speakers Committee is in the process of developing a dynamic educational series regarding Risk Management. We will kick this series off on 11:30 am August 14, 2013 at the MCM Elegante. Our Speakers Committee has recruited Brock Carter from Safety Solutions to address the topic of Job Safety. To RSVP please email Autumn Whitson @ awhitson@noelcompany.com by 12:00 pm on August 12th.

August Board Meeting - Our August Board Meeting is scheduled to take place at 11:30 am on August 28 in the Board Room at Atkinson & Co. If you would like to attend or need more information please feel free to email me at iwilson@noelcompany.com
Have Suggestions/Want to Get Involved

The success of CFMA will always thrive on the contributions of our membership so we always welcome and encourage new faces and ideas! Please feel free to contact me at iwilson@noelcompany.com if you have any questions or would like to get involved. Have a great month!

Over the course of the next year the speakers committee plans to put together a series of presentations that focus on risk management for contractors. We will start this series with a session on Risk Management in the area of job safety. Our speaker this month will be Brock Carter from Safety Counseling. For the past 40 years Brock and Safety Counseling have been working with companies in the construction and other industries to help keep employees and jobsites safe.

Every other month our lunch presentations will focus on another aspect of risk management to include:

- **Risk Management: HR**
- **Risk Management: Internal Controls**
- **Risk Management: Fraud**
- **Risk Management: Insurance**
- **Risk Management: Succession**

Please feel free to contact Mike Bickel (505-222-8423 / mbickel@bankoflabuquerque.com) from the speaker’s committee if you have ideas regarding topic that are relevant to the industry or if you know of any speakers who would be interested in presenting to our group.
Give Back to the Community – Volunteer Today!
A Message from Your CFMA Community Service Project Committee

There are 146+ reasons why we need you to volunteer to deliver a Junior Achievement program this spring! The current open class list is attached to this newsletter, and there are 146 classes that still need a volunteer. The attached list is sorted by school and city and shows ALL OF THE CLASSES THAT STILL NEED A JA VOLUNTEER. As you know, for as little as an hour a week, you can make a difference in the lives of young people in your community. The Junior Achievement classroom and afterschool experience will leave you feeling proud, energized and hopeful about a better future for our young people.

It may have been last semester that you were in a classroom delivering Junior Achievement; it may have been five years ago, we encourage you to teach again this semester!

We would also like to invite you to share the JA volunteer opportunity with your friends, family and co-workers. If you know even one other person that would like to share their personal and professional experiences and skills with students from your community by delivering one of our programs, please forward the list with a personal message about your JA experience. The JA staff can visit with new volunteers and get them in the classroom before the end of the semester.

THANK YOU CFMA MEMBERS for Volunteering – together we are making a difference!

Please contact Zoe Otero Martinez if you would like to volunteer in the classroom or have any questions. Her contact information is shown below:

You will qualify for the Plan & Save $50 discount if you call by August 7th making your fee only $275 per seminar with PDF course manual; to receive a printed manual add $20 more per seminar. After August 7th add $50 to the registration fee.

August 20, 2013

ADVANCED ACCOUNTING AND AUDITING ISSUES FOR THE CONSTRUCTION INDUSTRY (AAAICI)
As a result of the recent economic recession, many contractors were forced to vary their project direction and move away from specialties to be competitive in the general construction environment. As a result, more risks and obstacles to project profitability exist. The control and management of these risks is more critical to the survival of construction companies. This brand new advanced level course has been designed by Gene Ristaino, CPA, ABV, CFF, MT, a recognized expert in the construction and real estate industry, to provide recognition and understanding of the increased risks that exist, and design the accounting techniques and auditing procedures to deal with these increased risks and uncertainties for construction contractors.

August 21, 2013

TAXATION OF THE CONSTRUCTION CONTRACTOR AND HOMEBUILDER (TICH)
Taxation of long-term contracts has evolved into a myriad of compliance requirements and reporting nightmares. Understanding the complex and sometimes illogical rules is a specialty in itself. This program has been developed by Gene Ristaino, CPA, ABV, CFF, MT from numerous years of service to the real estate and construction industries, to efficiently plow through the many issues and provide clear approaches to obtain the most beneficial tax result for the construction contractor while meeting the numerous compliance requirements. Detailed guidance will also be presented for the specific accounting requirements for residential homebuilders.

www.nmscpa.org
