5. Construction Education Seminar
6. Benefits Conference

Natural resources are precious to us all; please consider the environment before printing this newsletter.
Hello CFMA Members,

It has been an exciting and busy month!

Our 28th Annual Scholarship Golf Tournament was great. I would like to personally thank all of the golf participants, sponsors, and volunteers who made this a wonderful event. I would also like to thank the CFMA scholarship committee for all your hard work to make this event possible.

I’m excited to announce that our chapter won the Chairman’s Excellence award at the National Conference this year. Thank you to all our members that attended and supported our chapter.

The 2nd Annual Southwest Regional conference is coming up at the end of September. At the last meeting, your board decided to grant a scholarship to one lucky member for the registration cost to attend this event. If you would like to apply please email alissap@sundancemech.com

Our chapter will be hosting the Construction Accounting 101 course again this year. Please see the attachments for additional information. Thank you Clarke for teaching this class again.

Once again this year several of our member’s donated their time to cooking a meal at the Ronald McDonald house. This was my first year and I had a really great time. It was rewarding to know that we were helping families in need. I’m excited to participate in additional community events.
## President’s Message

CFMA CONSTRUCTION ACCOUNTING 101

WHERE: ASSOCIATED BUILDERS AND CONTRACTORS– NM CHAPTER
2821 BROADWAY BLVD NE, ALBQ, NM 87107

WHEN: EVERY THURSDAY FOR 10 WEEKS STARTING THURSDAY, SEPTEMBER 8, 2016

LIMIT: 15 – 18 STUDENTS PER CLASS

COST: $575/STUDENT (INCLUDES ALL COURSE MATERIALS)

PREREQUISITES: NONE!

The first four weeks of the class will be designated to debits and credits and the fundamentals of accounting. The following six weeks will cover job cost accounting through an in-depth case study of the contractor. This class is designed for owner’s, controllers, bookkeepers and accounting staff employed in the construction environment who wish to improve their skills and knowledge in construction accounting.

There will be 2 – 4 hours of homework required for each class, which is listed in the course syllabus.

The CFMA members are grateful that you as owner’s, accountants or accounting staff are taking time out of your busy schedule to learn more about our industry through participation in this accounting class.
