Greater Pittsburgh Chapter Construction Financial Management Association Construction Industry Conference

This CFMA Conference will provide you with the latest construction industry trends including projected spending, anticipated labor shortages and what to expect in the region for 2019 and beyond.

The conference will also provide updates on the following:

- **Construction Economic Update** *(Presented by Jeff Burd, Tall Timber Consulting)*
- **Data Analytics** and strategies for your business *(Presented by Kirstie Tiernan, Managing Director, BDO and Heath Winsheimer, BDO Assurance Partner)*
- **Technology** in construction, the latest tools and innovations to improve productivity
- **Business continuity** – what factors to consider when transferring ownership *(Presented by John T. Jordan, Jr., CFO of Limbach)*
- **Enterprise Risk Management** – establishing a Risk Management platform to identify and manage operational, financial, contractual, supply chain, technology and safety risks faced by your organization *(Presented by Karen Walsh, SVP, Alliant Construction Services Group)*
- What you need to know about **construction law** – the latest updates on hot topics including the Pennsylvania Contractor and Subcontractor Payment Act *(Presented by Meyer, Unkovic & Scott Partner and Construction Law Practice Group Chair James R. Mall)*
