**Short Answer Section:**

1. Please visit the Construction Financial Management Association website at [www.cfma.org](http://www.cfma.org) to answer the following questions:
  - a. In learning "About CFMA" what is its core purpose
  - b. What do the initials C.C.I.F.P stand for?
  - c. What are three (3) benefits of the C.C.I.F.P certification?
2. A construction company can have many outside vendors and/or business associates, who are critical to their operation, in which the Controller or Chief Financial Officer within that construction company may interface regularly. Other than a material supplier, identify one that you believe would be important to the operation of a construction company and state how their involvement may impact the success of the construction company.
3. Identify at least one major difference between a general contractor and a subcontractor.
4. Explain how this difference (from question 3 above) might impact the responsibilities of a Controller or Chief Financial Officer, or their staff, within either the general contractor's or subcontractor's office.
5. Why are you interested in a career in the construction industry?

Please provide any additional information or letters or recommendation that you believe should be known in consideration for this award.
