Hors d'oeuvres provided

The Donor Advised Fund

The donor advised fund, one of the personalized charitable funds available at the Columbus Medical Association Foundation, is a unique vehicle through which you can fulfill your philanthropic interest in the medical and health and wellness arena.

This gift-receiving and grant-making fund is the closest thing to having a private foundation without the requirements and restrictions placed on private foundations by the Internal Revenue Service.

Please join CMAF Executive Director Weldon Milbourne as he describes how the Donor Advised Fund works, its benefits and how it can be the ideal way for you to fulfill your specific charitable giving interests.

**To reserve your seat, please RSVP
no later than May 14 by phone or
email to Ann Eliot at (614) 255-4410
or at aeliot@CMAFOhio.org**

The Columbus Medical
Association Foundation:
“A unique partnership
of physicians and the
community committed
to assisting
Central Ohio in achieving
optimal health.”
