

Connect with the CoreNet Global Newsletter

A Message From the President Welcome to the Launch of "Connect with the CoreNet Global Newsletter."

Christopher D. Horblit
President, Fidelity Real Estate Company
President, CoreNet Global New England

I'm thrilled to write this letter to you in our inaugural newsletter. Our communications committee, with support from the CoreNet Global New England board of directors, has developed this semi-annual publication to keep our 400+ members informed of chapter events and provide information regarding our members. Note a special feature section called "Sponsor Spotlight" that highlights the terrific work of our sponsors in action.

Our overall communication goal is to keep you up-to-date through a variety of media channels including social sites such as Twitter, LinkedIn, our recently revamped Chapter website, and now our CoreNet Newsletter 'Connect with the CoreNet Global Newsletter.'

I want to thank all the volunteers who worked diligently and contributed many hours in establishing this latest form of communication for our members. We all hope you enjoy reading it and catching up on the latest chapter news and events! We welcome your feedback, and I look forward to seeing you at future Chapter events.

Sponsor Spotlight

Spotlight on New England Chapter Sponsors working together to create workplaces that reflect the client's brand and real estate requirements.

Iron Mountain Global Headquarters

One Federal Street, Boston

Founders Circle Team: Fort Point Project Management, JLL, Margulies Perruzzi Architects, McCarter & English, Red Thread/Steelcase, Structure Tone

Corporate Sponsor: Iron Mountain

Iron Mountain re-envisioned and redesigned their global headquarters from dark and isolating space to new collaborative, sustainable, and high performance workspace that reflects the company brand and culture, and the company's focus on health and wellness for employees. The new headquarters design supports the company's mobile workforce (branded Mobile Mountaineering) and reduced real estate needs to 1.5 employees to 1 seat ratio. The open, flexible, efficient floor plan is arranged in neighborhoods to avoid the feel of a large sea of workers, and 100 private offices were eliminated.
