Building a Positive Culture within YOUR Organization & CRE Team - END USERS ONLY

It is typical to wake up to notifications announcing “problems.” It is easy to become overwhelmed by news about the economy, messages like the “Great Resignation,” and disagreements about work and life in general. Most of us are seeking answers on how to “get it all done” and get it done well. Mike’s “intentional talks” on leadership are atypical – they push “beyond theory,” and shift existing mindsets and outcomes from what seems probable, to what is possible. End users join us Thursday, January 19 before the CORE Awards from 3-4:30 pm as this talk will challenge us to reconsider how we look at performance, organizational culture, and our overall health and satisfaction. Save the date for Thursday, February 16 from 4:30-7:30 pm to hear a panel discussion looking at how corporations are addressing "return to work". Are they doing anything specifically to get people back to the office? Is it successful? Or, are they embracing the "remote" worker and reducing the portfolio? All sides of the story will be represented. More details and registration will be coming soon. [Add to your calendar.](#)
