

Figgy Pudding and a Pink Hippo!

Over 100 members of this correct of CoreNet Global UK Chapter enjoyed the fabulous hospitality and stunning view at The Leander Club on the banks of the Thames in Henley on Tues 14th December 2010

The Leander Club is steeped in rowing tradition, playing a central part in the annual Henley Royal Regatta, and has hosted many a sporting hero. Indeed, CoreNet Global UK members were entertained and enthralled after their delicious lunch by single skull rower and Olympic medallist Alan Campbell. Alan's tales of gruelling training regimes and sheer, single-minded determination had the whole room engaged for well over half an hour.

CoreNet Global UK president Nigel Baker highlighted Alan's influencing skills, as well as his passion and pride, as being something members in the room could take inspiration from as they headed back into the office the next day.

The food was excellent, the mulled wine flowed and the figgy pudding went down a treat. A great day was had by all.

Oh and, in case you're wondering, the pink hippo is the logo of The Leander Club - the hippo is at home in water as it is on land and any rower will very much relate to this. And he's pink because he always has been!!
