

## Angel delights for the President's Spring Social

23 March 2011 at Angel Building, 407 St John Street, London EC1

**Nigel Baker, President of CoreNet Global UK**, welcomed over 150 members and guests to Derwent London's newly refurbished Angel Building on the corner of Pentonville Road and St John Street.

Invited for 5.30pm, we were greeted on the roof-top terrace by a stunning sunset and fabulous panoramic views across London. As the sun sank we were invited inside, where Nigel thanked sponsors of the evening, Derwent London, the largest real estate investment trust focused on the London property market, and introduced Celine Thompson from Derwent London who gave us a brief history of the development of the site.

Then, formalities over, we set to: drinking, networking and meeting old friends in the industry. Past and future UK Presidents met up and exchanged views.

A most delightful evening was had by all.
