

Women of CoreNet Global – Atlanta Chapter First Meeting Held on November 14, 2012

CoreNet Global's Atlanta Chapter launched its first Women of CoreNet (WOC) event on November 14, 2012. The event attracted over 70 women in corporate real estate, far exceeding attendance goals set by the WOC-Atlanta committee. The Atlanta Chapter is the third CoreNet Global chapter to launch a Women of CoreNet committee.

In addition to the high-energy networking, the focus of WOC-Atlanta's inaugural event was a presentation by leadership development speaker and author, Kim Zilliox, on Emotional Intelligence: Developing a Strong Inner Core and Increasing Confidence. Included in her presentation were tips on how to increase one's own ability to manage successful relationships throughout one's career, especially during stressful situations and challenging times.

Women of CoreNet's mission is to further expand the creation of cutting-edge programming and networking experiences that elevate women in corporate real estate through engagement, empowerment and education. All WOC-Atlanta events provide beneficial networking opportunities, and include programming which encourages professional growth and personal development.

Please save May 2, 2013 and August 8, 2013 for our next WOC–Atlanta events. We hope you will join us for two outstanding programs and networking with Atlanta's corporate real estate women!

Note: All Women in CoreNet – Atlanta Chapter events as well as all WOC-Atlanta committee meetings are open to both women and men. No additional membership fees are required, although there may be an event registration fee required for current and non-members.
