

COMMUNITY SERVICES DISTRICTS

Districts meet our community needs

Community Services Districts provide their residents with many **crucial services**, such as water and wastewater, garbage removal, road maintenance and street lighting

There are **324 Community Services Districts** throughout the state, authorized to provide over 30 different types of services to improve their communities

For over 65 years, Community Services Districts have served **millions of Californians**

For Californians residing in rural or unincorporated areas, some Community Services Districts provide **important police protection services**
