

TRANSIT DISTRICTS

Districts keep our communities connected

Transit Districts **keep communities connected** through transportation programs and projects that expand access and improve mobility to foster a vibrant California

There are **17 Transit Districts** that operate throughout California

Transit Districts **enhance California's economy and livability** through safe, sustainable, integrated, and efficient transportation systems

More than **30 million passengers** are serviced by Transit Districts

Transit Districts **fund critical transportation programs** for all members of the community including youth, seniors, and people with disabilities
