

Daniel Hughes | Bradley Corporation | BIM Strategist \ Specifications Specialist

- Grow\Manage Bradley Global BIM Initiative for Design+Construction
- National Educational Author & Speaker
- Autodesk Product & Technology Consultant \ Trainer (30 Years)
- Corporate Owner (15 Years) | Autodesk Software \ Consultancy
- Served in 5 Wisconsin Architectural-Engineering Firms
- Taught Part-time CAD/BIM Instructor for several WI Colleges (19 Semesters)

Daniel Hughes ([View LinkedIn Profile](#)) serves as **Bradley Corporation's BIM Strategist, Specifications & ADA Specialist**. He manages the global Bradley BIM Initiative (2009-Present); that provides 1,000 efficiently modeled Revit families of Bradley Products to architects, engineers, contractors & facility owners. (www.bradleycorp.com/bim)

He authors the **Bradley BIM-Revit Resource Portal** (www.bradleybim.com); which provides Revit family tutorials, industry articles and technical support for the Bradley Revit Library.

Author | Accredited Educational Speaker | Knowledge Leader | Blogger

Daniel's printed works and accredited Building Information Modeling (BIM) educational presentations & classes, have served thousands of members from these associations:

- American Institute of Architects (AIA) National, AIA Wisconsin, AIA Iowa, AIA Minnesota
- American Society of Plumbing Engineers (ASPE)
- Associated General Contractors (AGC) [National / Wisconsin]
- Construction Specifications Institute (CSI)
- Construction Management Association of America (CMAA)
- Chicago: AIA | AIA Young Architects Forum - CSI - IFMA - IIDA - ASID
- AIA-Iowa-Small Project Practitioners
- Association of Licensed Architects (ALA) [IL, IN, MN, MO, OH, WI]

Autodesk Revit and BIM Project Implementation Expertise | Technologist

The Bradley Revit Library incorporates a high level of tested quality procedures (efficient modeling, embedded data, materials) leveraging Daniel's hundreds of successful Revit implementation projects. He has documented many of Bradley's procedures for BIM \ VDC Manager Review on the Bradley BIM FAQ Page.

- Since 2002, Daniel has served as Senior Revit Consultant on \$5 billion of client Revit, BIM-based projects in the US and abroad.
- He has directed the complete transition-implementation processes from CAD to Revit for more than 120 design, construction & facility clients.
- More than 700 architects, engineers & construction personnel have received Daniel's Revit & BIM-processes training since 2002. He has provided AutoCAD training to over 2,000 professionals since 1987.
