To all the Great Lakes Region CSI Members,

For those of you that did not make it to CSI CONSTRUCT 2019, you missed out big time! The education seminars and their presenters were great! The trade show area was very well represented and constantly buzzing! The venue had wonderful views of the city and the weather cooperated wonderfully! I’ll be honest, this was my first time at CONSTRUCT and I simply can’t say enough about it. Sure, I’ll admit I got lost going from the hotel to the convention area… a couple times. But, the app from hotel allowed me to eventually navigate effortlessly and the app from CONSTRUCT allowed me to see my schedule and show me where I needed to go.

I must give a shout-out to the “coffee talk” presenters on the trade show floor. This was something I did not expect in the schedule, but thought the topics were very interesting so I gave one a try. Then I gave the next three or four the same attention and I really enjoyed them.

Now there were a couple of presenters that reminded me of Ben Stein’s character from Ferris Bueller’s Day Off, but that comes with the territory. But the rest…. my goodness! The energy level and detail that these people gave, some as early as 7am was outrageous! Again, great topics for the architect, the contractor and the product representatives alike. Personally, I hopped around different tracks so that I could get a better handle on interacting with architects. And vice-versa, there were architects there that wanted to know how to utilize the knowledge of the product reps!

Kudos to the organizers and everyone else involved in the production of such a show. I must encourage anyone involved in CSI, anyone involved in construction, any manufacturer that supplies to the building industry…. GET INVOLVED! Be a part of the bigger picture and participate! You most definitely get more than what you give. That is CSI!

Again, ramblings of a trusted product representative… have a great day.

CSI has many facets that can help you professionally. Have you taken advantage of what CSI at all levels can do for you?

This year, the Board met after CONSTRUCT in National Harbor, Maryland. Among the highlights:

• The CDT, CCS, CCCA Certification Exams will be offered this next Spring. The CCPR Certification is currently under evaluation. New Instructional Materials for the CDT will be unveiled at the end of 2019.

• The Institute is offering contact information of Liability Insurance Carriers to current Chapter and Region Leaders at a reasonable price. The Chapter and Region Leadership is encouraged to hold such insurance to protect themselves from any Liability whether through the Institute or not.

• The Dynamic Chapter Program (DCP) past work sessions will be available “On Demand” on the Institute Website. Live sessions will be available during this current Fiscal Year. The process has been a big success for many Chapters who have seen an increase in their membership and more exciting Chapter Program offerings.

• The Institute’s Learning Library continues to add new Programs monthly available on a “On Demand” basis. The “Web-Reach” Webinars (twice monthly) are no cost to the CSI member and offer AIA/HSW Continuing Education Credits.

“Save the Date” flyers have been sent out by the GLR Conference Committee. The 2020 GLR Conference will be held April 23-25, 2020, in Covington, KY, across the river from Cincinnati, OH. The East Quadrant of the Region is the host organizing committee. The Covington Radisson Hotel will be the venue. Currently, the organizing committee is seeking sponsors for the Conference. Stay tuned for additional information concerning the GLR Conference.

Chapter and Region Leaders: Check out the Institute’s Volunteer Portal for an important new Institute Task Force being created. Called the “Component Value Task Force (CVTF)”. This task force will look at the future of CSI and evaluate how to offer the most value to the CSI Member through its varied components. The Task Force will comprise of up to twenty volunteers comprising of current and past Chapter and Region Leaders from across the country. The time commitment will be 8 hours per month over a total of six months of the current Fiscal Year. There will be several Zoom Meetings and there will be a face to face Planning Retreat. The Task Team will be working to assure the future of a robust CSI.

A reminder to contact the Member Services Department memberservices@csinet.org of CSI to address any problems or concerns you have.

Drop me a line or call about any concerns or questions about CSI.

Thanks!
